sidelights, and transom--Ionic tetrastyle portico on wing, first-floor window lintels slightly arched, eared, and carved with foliate design; side-hall plan, Greek Revival style. Built c. 1835; little altered. Fine example of structure demonstrating builder's reliance on plates of architectural orders found in books by Minard Lefever and others. 5 ext. photos (1965), 1 int. photo (1965); 5 data pages (1964, 1965). *NR*

Card prepared February 1976
